My name is Leah Williams and I am a 25 year old single mother of two daughters, four and 11 months old. I came into the Fresh Start program after getting out of jail. I had a meth addiction and had lost my daughter. I was living with a friend who told me about The Salvation Army's program. I was reluctant about the program but knew it was the best thing for my daughter.

While in the program, I was able to regain custody and today I have been clean for two years and four months. We also had a wonderful addition to the family, a beautiful and healthy baby girl.

The Salvation Army Fresh Start has helped me get my life back on track and I have learned how to be a responsible and loving mother and maintain my job. They also taught me important things like how to budget my money, which I have become quite successful at.

I would like to thank The Salvation Army and their employees for everything they have helped me overcome. It has definitely been a great journey. I hope others who are in my situation find their way to Fresh Start.
