

Fresh Start

Transitional Housing

The Salvation Army's Fresh Start program has helped me in many ways. They helped me get back on my feet with two baby boys and gave me an apartment to live in when I had no where to go. They helped me get and keep a job and manage my money better. They helped me finish school.

They helped me be a more responsible parent with simple things like bed times and making sure that they are the most important things in my life.

They helped me get a place of my own and make a real home for me and my two boys.

If I didn't find this place to help me, I don't know where I would be. Probably on the streets without anything.

Thank you very much!
