**New Hope Center
& New Beginnings**

I came to the New Hope Center one year ago for shelter and to get off the street. The staff here really helped me find the help I needed through working with other agencies.

I am now working full time and entering The Salvation Army's New Beginnings program. New Beginnings will really continue to aid me with budgeting funds and getting my life back together by giving back to the community and being responsible enough in the next two years through this program.

Out of my own stubbornness, I would not have been able to do this without my case manager at New Hope and all of the staff there and at New Beginnings. They have shown me that life goes on and there is hope for everyone.

Never give up, there is a horizon,
